

Philips AmbientLED
Energy saving indoor flood
light

4W
MR16
Cool White

046677406554

A simple way to beautify your home

Saves up to 80% in energy costs

Philips AmbientLED light bulbs are the smart alternative to standard incandescent bulbs. They deliver exceptionally long life, significant energy savings, beautiful light, rugged construction and contain no mercury.

Energy efficient

- Replaces a 20W MR16 Halogen flood light
- Saves up to \$40 in energy costs over the life of the bulb

Long lifespan

- Lasts at least 15 years

Perfect Shape

- Fits easily into existing fixtures
- Ideal for recessed cans and track light fixtures

Sustainable choice

- Reduce greenhouse gases and shrink your carbon footprint
- Contains no mercury

* 15 years means rated average life based on engineering testing and probability analysis where the lamp is used on average 4 hours/day, 7 days a week.

* At \$.10 per kWh, this 4W, 700 Candela (candlepower), LED bulb uses \$10.00 of electricity over its 25,000 hour life. This is a \$40.00 savings when compared to the \$50.00 required to run a 20W, 550 Candela, halogen flood bulb over the same period. Actual savings will vary depending on cost per kWh.
